

Final Deliverables

Team ID	PNT2022TMID48141
Project Name	Personal Assistance for Seniors Who Are SelfReliant

Web Application

1. Get Data From User:

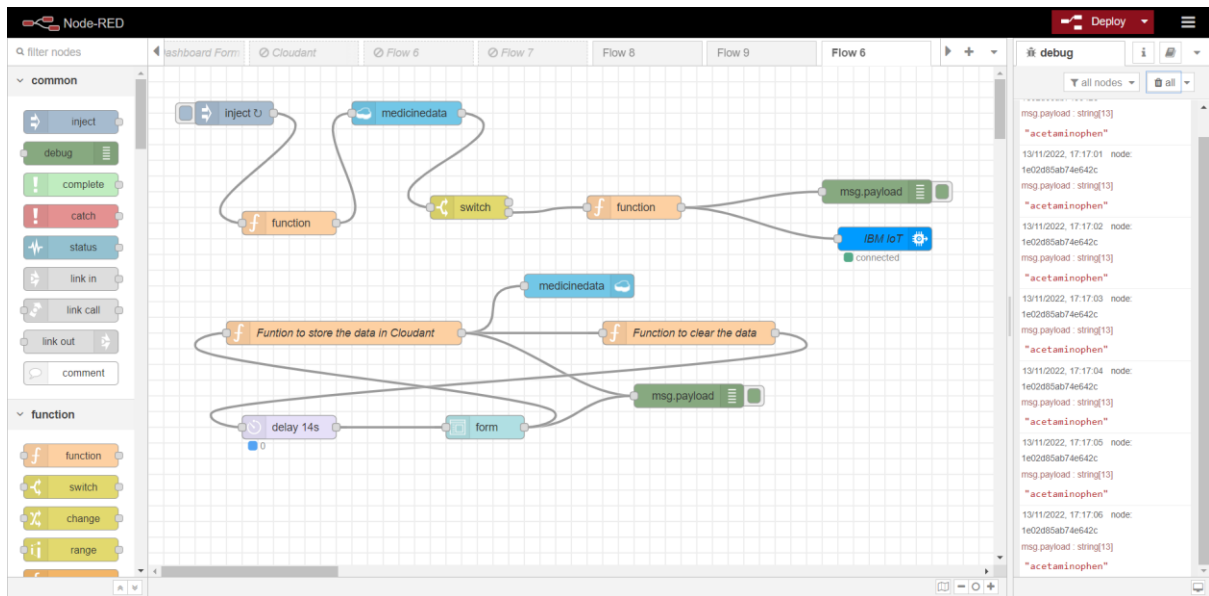

The screenshot shows a web application interface with a blue header bar containing a hamburger menu icon and the text 'Main'. Below the header, there is a light gray background area. In the center, a white form titled 'Form' is displayed. The form contains three input fields: 'Medicine' with the value 'acetaminophen', 'Date' with the value '2022-11-13', and 'Time' with the value '17:13'. Below the input fields are two buttons: 'SUBMIT' and 'CANCEL'.

2. Stored in Cloudant

3. Display in Node-red

4. Streaming in Watson IoT Platform

The IBM Watson IoT Platform dashboard displays the details of a device with ID 'b11m3edeviceld'. The device is connected and its status is 'Connected'. The dashboard shows a table of recent events, which are streamed data from the device. The events are listed in a table with columns: Event, Value, Format, and Last Received. The events are all of type 'IoT Device' and contain the value '(*medicine*:"acetaminophen")' in JSON format, received a few seconds ago.

Event	Value	Format	Last Received
IoT Device	(*medicine*:"acetaminophen")	json	a few seconds ago
IoT Device	(*medicine*:"acetaminophen")	json	a few seconds ago
IoT Device	(*medicine*:"acetaminophen")	json	a few seconds ago
IoT Device	(*medicine*:"acetaminophen")	json	a few seconds ago
IoT Device	(*medicine*:"acetaminophen")	json	a few seconds ago

5. Simulation

Mobile Application

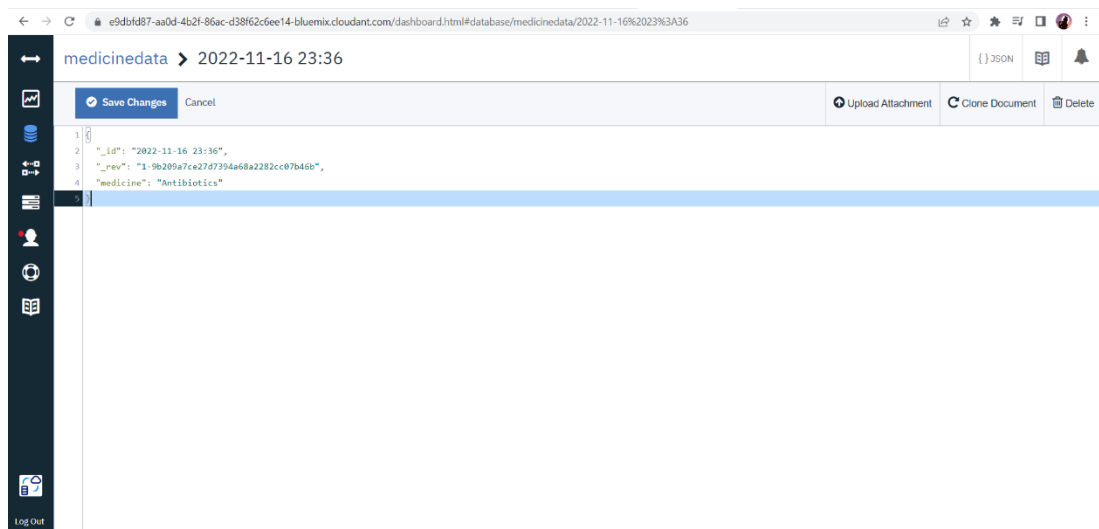

1. Splash Screen

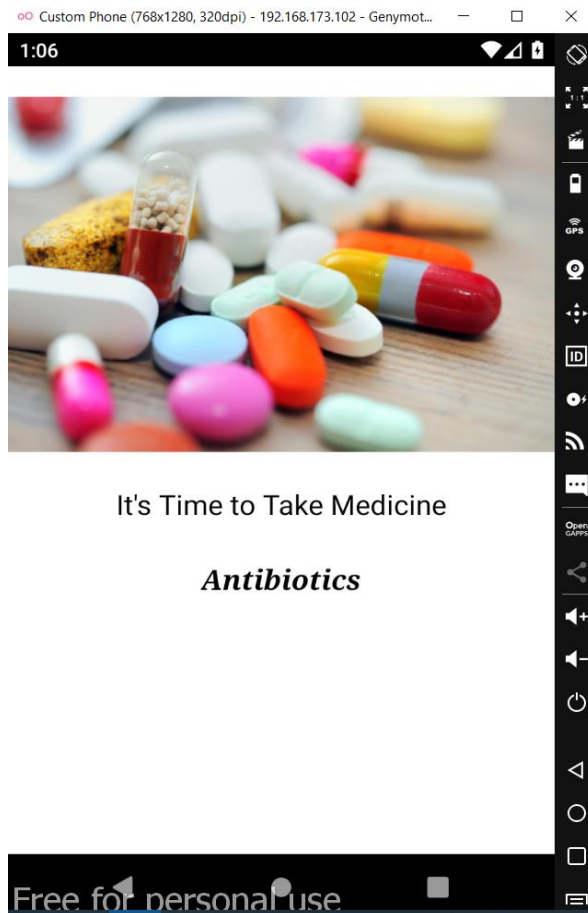

2. Get Data From User

A screenshot of a mobile application interface. At the top, the status bar shows the time 1:05 and various icons. The app has a dark theme. The main content area contains three input fields: 'Medicine' with the value 'Antibiotics', 'Date' with the value '2022-11-16', and 'Time' with the value '23:36'. The 'Time' field is highlighted with an orange border. Below these fields is a red 'Save' button. A dark grey 'Saved' toast message is displayed over the keyboard. A virtual keyboard is visible at the bottom, and a green checkmark icon is on the right. At the very bottom, there is a text label 'Free for personal use'.

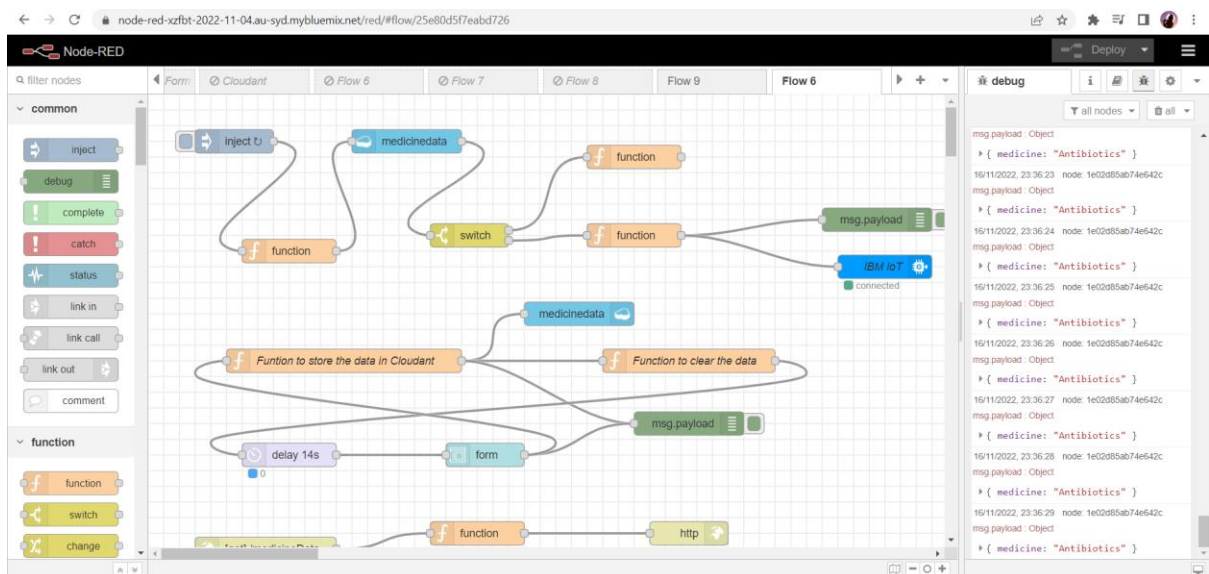

3. Store in Cloudant DB

4. Display Remainder with audio

5. Display in node-red

6. Remainder in Simulation
